RoHS 3 Manufacturer's Declaration

We hereby declare that **all Palziv products**, including blocks and rolls, with or without flame retardant additives, **comply with the requirements of RoHS 3** for use in Electrical and Electronic Equipment (EEE).
Palziv products comply with **Directive 2011/65/EU (RoHS 2)** on the restriction of the use of certain hazardous substances in electrical and electronic equipment, **as amended by Commission Delegated Directive (EU) 2015/863 and subsequent applicable delegated acts**.
The maximum concentration values of restricted substances are not exceeded in any homogeneous material.

Restricted Substances
In particular, Palziv confirms that:

1. None of the color masterbatches used contain Lead (Pb), Cadmium (Cd), Mercury (Hg), or Hexavalent Chromium (Cr VI).
2. No flame retardants containing PBB or PBDE are used.
3. No phthalate plasticizers are present in any of the foams, including DEHP, BBP, DBP, or DIBP.

RoHS Exemptions
Palziv products **do not rely on any exemptions** listed in **Annex III or Annex IV** of Directive 2011/65/EU, as amended.

Scope of Declaration
This declaration applies to **Palziv materials supplied as components or materials for EEE**. Compliance of finished electrical or electronic equipment remains the responsibility of the EEE manufacturer.
Due to the variety of Palziv products, no RoHS declaration is issued for individual product part numbers.
